***23/24 Sailing Season***

**Notice to Competitors (NTC07)**

## **Summer Series Reserve Day - 17th March 2024**

Following the omission of the reserve day from the previously published schedule of races, the sailing committee would like to clarify that the race for the day will go ahead but will not be included as part of the Summer Series results.

Normal times apply - 1300 start, course will be on the notice board before 1200 as usual.

### **Reason for the changes:**

Feedback from our members have highlighted a number of points including but not limited to:

- A number of boats are unable to compete due to other commitments made on the understanding that 17th March 2024 was not a race day according to the previously published schedule of races
- The series results would be heavily impacted given how close the racing currently stands
- Insufficient notice given
